

## GALVANIZED HURRICANE STORM PANELS 24 ga.

CAT. NO.	DESCRIPTION	PACK
470233	13" x 45" Storm Panel	20
470234	13" x 57" Storm Panel	20
470235	13" x 70" Storm Panel	20
470236	13" x 87" Storm Panel	20
470237	13" x 108" Storm Panel	20

### HURRICANE PANELS

- Light weight versatility
- Sections stack & store neatly
- Can Quote Aluminum or Galvanized.
- Clear Lexan Panels also available.

## ALUMINUM HURRICANE STORM PANEL HARDWARE

CAT. NO.	DESCRIPTION
I68774	13" x 56" x 2" Aluminum Storm Panel
I68775	13" x 66" x 2" Aluminum Storm Panel
I68776	13" x 84" x 2" Aluminum Storm Panel

## HURRICANE STORM PANEL HARDWARE

CAT. NO.	DESCRIPTION	PACK
F88679	2" x 20' White Aluminum H Channel	
F88679	2" x 24' 3" White Aluminum Studed Angle <b>Bronze Also Available</b>	
470243	1/4"/20 x 1 SS Hex Bolt	100
470244	1/4"/ 20 Wing Nuts	100
470247	Power Wing Nut Driver	1
470248	1/4" x 20 x 1 Combo Sidewalk Bolt SS	100

### HURRICANE PANELS

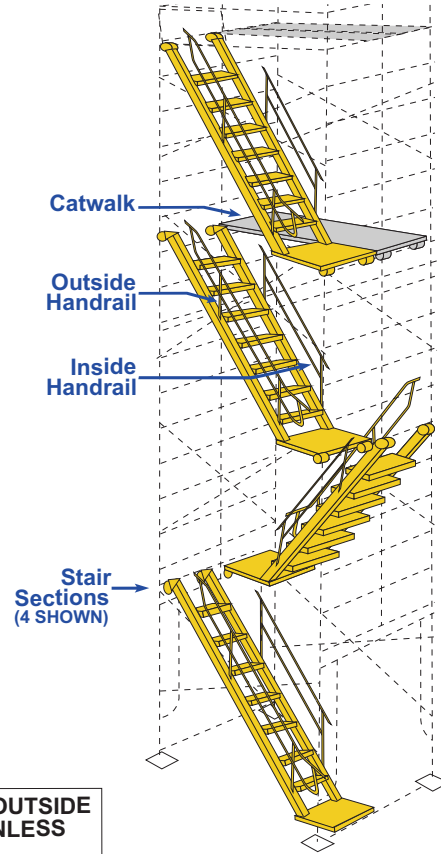

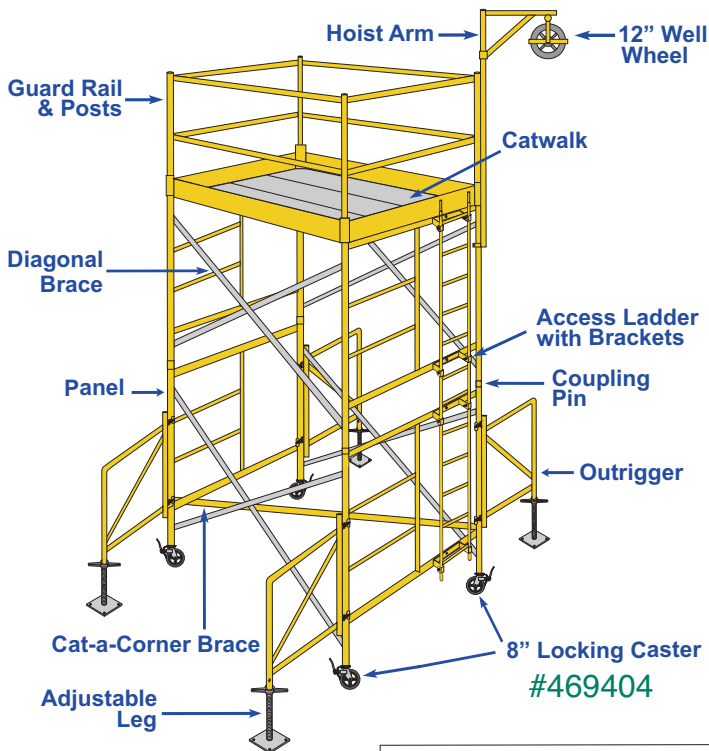

- Available in all window & door sizes
- Panels tested to withstand wind velocities of 148-190 M.P.H

Accordion Shutters Available

### 5 Component System

- \* U Channel
- \* Track
- \* Hurricane Panel
- \* Wingnut
- \* Bolt

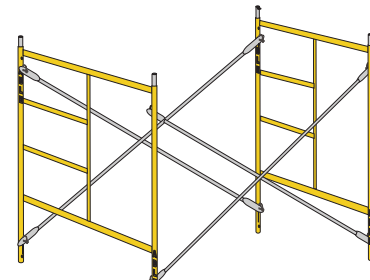

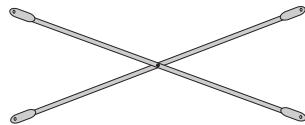

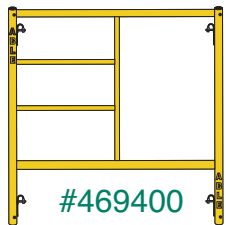

ALL SCAFFOLD TUBING IS 1.69" OUTSIDE DIAMETER WITH .095" WALL UNLESS STATED OTHERWISE

BASIC UNIT=\$245.00

2 OF THESE + 2 OF THESE + 4 OF THESE = BASIC UNIT  
COUPLING PINS WITH SPRING RETAINER INSTALLED

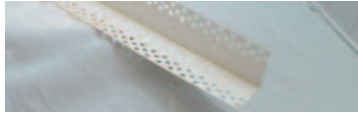

## SCAFFOLDING

G61596	30" Charcoal Fiber Glass	100'
G61597	32" Charcoal Fiber Glass	100'
469445	36" Charcoal Fiber Glass	100'
469446	48" Charcoal Fiber Glass	100'
469447	60" Charcoal Fiber Glass	100'
469448	72" Charcoal Fiber Glass	100'

## DUR-O-WAL

Truss Type

CAT. NO.	DESCRIPTION	PACK
469388	8" Wall Truss Type 10'	50
469385	8" Wall Ladur Type 10'6" 47	

## SONOTUBES®

Fibre Tubes For Concrete Columns, Footings and Piers

CAT. NO.	DESCRIPTION
469430	6" x 12' Sonotube
469431	8" x 12' Sonotube
469432	10" x 12' Sonotube
469433	12" x 12' Sonotube
542467	14" x 12' Sonotube
470850	16" x 12' Sonotube
943682	18" x 12' Sonotube

## CONCRETE MIX

For setting posts, building walkways & patios, pouring slabs and footings. Packaged in moisture proof bags for long storage capabilities.

CAT. NO.	DESCRIPTION	PACK
469494	80lb Concrete Mix	42

## MORTAR MIX

Used to lay brick, block and fieldstone. Also used to repair loose or cracked mortar joints and can be used as exterior stucco.

CAT. NO.	DESCRIPTION	PACK
469840	80lb Mortar Mix-N	42
R93480	80lb Mortar Mix-S	42

## HYDRAULIC CEMENT

The one mix for nearly every concrete need. Easy to use, economical too. Just add water for strong, beautiful concrete projects!

CAT. NO.	DESCRIPTION	PACK
680412	1 Gal. White Cement	
680422	1 Gal. Gray Cement	
C33761	5 Gal. White Cement	36/pallet
C33753	5 Gal Gray Cement	36/pallet

## SAND MIX

For resurfacing damaged concrete, repairing cracks in concrete and leveling floors, driveways and steps.

CAT. NO.	DESCRIPTION	PACK
469495	80lb Sand Mix Sakrete	42

## CEMENT COLORS

Used for the production of cement and lime paints, coloring cement, concrete, plaster, granules for roof tiles, grout & stucco. They are also used to produce colored marking concrete for roads, sand-lime bricks and exposed concrete.

CAT. NO.	DESCRIPTION	PACK
469859	Cement Color 1lb Bluff	6
469860	Cement Color 1lb Charcoal	6
469861	Cement Color 1lb Brown	6
469862	Cement Color 1lb Red	6
469863	Cement Color 1lb Terra Cotta	6

## WHITE CEMENT

The one mix for nearly every concrete need. Easy to use, economical too. Just add water for strong, beautiful concrete projects!

CAT. NO.	DESCRIPTION	PACK
469496	94lb White Cement	42/pallet

## What are MiraTEC and Extira?

MiraTEC® trim and Extira® panels are exterior composite products made from wood, resin and other proprietary ingredients to resist moisture, rot and termites. They work like wood, and use standard woodworking tools. Used for exterior trim and panel applications, they are perfect for any paint-grade non-structural application:

- Manufactured in the USA since 1999, now by JELD-WEN, inc.
- Made from sustainable materials, CARB complaint and have no added urea formaldehyde.
- Same performance properties for both MiraTEC and Extira
- MiraTEC holds ESR-3043 from the ICC-ES.
- Works like wood; easy to machine, cut and nail.
- Won't check, split or crack.
- TEC™ patented process makes a solid board that has uniform properties throughout.
- Can be used for any non-structural paint-grade application, including exterior trim, mill work, door and window parts, signage, garage doors and architectural components.

### MiraTEC Key Features

- MiraTEC is created in trim dimensions and is sold primed on four sides.
- Reversible with a clear, cedar wood grain texture on one side and a smooth surface on the other.
- Primed with an ultra-low VOC primer containing a mildewcide.
- Building code compliant (ESR-3043).
- MiraTEC has an industry-best 50-Year warranty.

### PRODUCT LINE:

- Available in 5/8", 3/4" (4/4) and 1" (5/4) thicknesses, 16' lengths and widths from 2" MiraTEC batten to 16".
- MiraTEC mouldings are available in 16' lengths in conventional 3", 4", 5" and 6" crown moulding profiles.

### Extira Key Features

- Extira is created in panel dimensions, is sold unprimed, is smooth on both sides.
- Extira is used as a component that must be finished (painted) prior to use.
- While designed for exterior use, Extira panels also work well in high moisture interior applications such as bathrooms, medical installations, laboratories, countertop underlayment and casework.
- Extira has a 5-Year warranty\* that far outpaces competitive products.

### PRODUCT LINE:

- Available in 4' x 8', 4' x 16' and 2' x 16' panel sizes and in thicknesses of 1/2", 5/8", 3/4", 1" and 1-1/4". 7/16" and 11/16" thicknesses are also available – special order guidelines apply.
- Sanded two sides (S2S) for a smooth, unprimed surface; meets caliper requirements of +/- 0.005".

Miratec

Extira

\* MiraTEC 50-year warranty is tied to application instructions when used as exterior trim.

The Extira warranty is shorter, because its applications are so widespread and unknown to the manufacturer.
